Among the noted scenes of Al. W. Martin's "Uncle Tom's Cabin" which is to come to the Hale theatre Saturday evening is St. Clair's home showing a tropical garden with its fragrant magnolia and orange trees, among which nestles the tropical Southern residence, the home of Little Eva; Legree's Cotton Plantation on the Red River with the cotton in full bloom; the wild rocky pass in Southern Ohio, and the low chinking Ohio river by night. The transformation entitled "The Celestial City" is said to be the most magnificent tableau ever conceived. In offering this revival to our city Mr. Martin not only claims that the scenic and electrical effects are superior to any ever attempted, but honestly assures prospective patrons that the company is composed of the most capable white talent obtainable. MANNISH BOOTS
For Feminine Feet.

The average so-called Mannish Boot is totally unsuited to the feminine foot. It may fit a man's foot or a boy's foot, but a man's foot requires an entirely different construction, with different proportions. With the heel and waist measurements too large—with a foot wholly improperly drafted for the feminine foot, an ungainly gait is inevitable—a graceful carriage impossible.

The Dorothy Dodd Mannish or Varsity Boots have lightness—they have absolutely accurate proportions for the feminine foot, and are the very embodiment of correct style.

Number 666.
\$1.50

Low, full fit top, six large buttons, Patent Gilt Vamp, 3 M + 1 shaft. "Varsity Boot."
